

The map displays the geographical area of Pechter 11, outlined in black. A network of blue lines represents rivers and streams. Sampling locations are marked with red dots of varying sizes. A legend in the top-left corner shows a red dot next to the text 'Pechter 11'. Several small, empty square boxes are distributed across the map, likely indicating specific sampling points or locations of interest. A blue shaded area is visible in the bottom-left corner, possibly representing a wetland or a specific land use type.
